

Post Oak Boulevard – North Segment Construction / San Felipe to 610

February 2, 2017

- Storm sewer work at Garrettson and Post Oak Boulevard will continue toward the end of next week.
- Beginning the week of February 13th storm sewer work will shift to the southbound side of Post Oak Boulevard
- Work continues on the 21" and 24" sanitary sewer lines north of San Felipe.
- The widening and paving of the roadway continues along the northbound lanes of Post Oak Boulevard.
- Transfer of water service to the new water lines will continue after the Super Bowl.
- Work on the next set of stainless steel arches (by the old Canyon Café site) has begun.
- February 9th is the projected date for a traffic shift that will facilitate the beginning of southbound construction on Post Oak Boulevard north of San Felipe.
- Trees in the median continue to be removed and relocated as construction progresses further south along the Boulevard toward San Felipe.
- Centerpoint, AT&T and other contractors continue the adjustment and relocation work in the area.
