

**Uptown Construction Update**  
**January 5, 2018**

**Post Oak Boulevard – North Segment Construction / 610 to San Felipe**

- Driveway work continues in the northbound lanes from Hollyhurst to I-610
- Storm sewer installation at Garrettson and McDonalds will conclude. Paving will follow
- Installation of sidewalks in southbound lanes will continue

**Post Oak Boulevard – Middle Segment Construction / San Felipe to Westheimer**

- Installation of trees will begin from south of Guilford, north to Ambassador on the southbound side
- Installation of sanitary and storm sewer will begin in the northbound lanes from San Felipe moving south. Following their installation, paving will begin
- Back of curb work will continue in front of Post Oak Central in the southbound lanes

**Post Oak Boulevard – South Segment Construction / Westheimer to Richmond**

- Continue concrete pavement removal, then installation of base and new pavement on southbound lanes from West Alabama to Fairdale
- Continue installing sanitary manholes on southbound lanes from West Alabama to Richmond
- Continue installation of storm crossings and inlets on southbound lanes from West Alabama to Hidalgo
- Crosswalk between Dillard's and The Galleria will be closing soon

Centerpoint, AT&T and other contractors continue the adjustment and relocation work in the area.

**All work subject to change based on weather conditions and utility conflicts.**
