

**Post Oak Boulevard – South Segment Construction
Westheimer to Richmond
May 12, 2017**

Traffic

- Work will continue to install the temporary signal poles at Parkview and W. Alabama.
- By middle of the week of 5/15, completion of the installation of the temporary asphalt pavement within the old center median is anticipated.
- Preparations for removal of the stainless-steel ring at Hidalgo begins at 10:00 p.m. on 5/20. The removal will begin at midnight on 5/21.
- By Memorial Day weekend, the traffic will be switched so the northbound traffic is placed onto the temporary asphalt pavement from Fairdale to W. Alabama. North of W. Alabama, the traffic will remain as currently configured.

Utility Work

- Water line work will extend from Hidalgo to north of Parkview starting on 5/16. This will require the removal of two existing trees located in front of 3009 Post Oak Boulevard.
- Water line work will continue north of Parkview to W. Alabama the week of 5/22.
- Other underground work (storm and sanitary) will not commence until after the traffic switch noted above.

All work subject to change based on weather conditions and utility conflicts.
